

Handling Instructions

Do not accept shipment if external damage is evident (ie) tube has been cut, crushed or opened. Print is to be framed deliver unopened tube directly to framer. Do not open: Most print damage is due to careless handling. Carefully open ends of tube. Wash hands just before print removal. Carefully grasp inner packaging paper. Gently pull upward with a rotating motion. Allow print to relax for a few hours before unrolling. Place relaxed print between two clean sheets of paper (supplied) and top with weights to flatten completely. (Thanks)
